ASCSM Account **5031 Club Assistance/ICC**

DESCRIPTION

The Students Advocating for a Greener Environment (SAGE) club is excited to collaborate with SparkPoint at CSM on September 24th to promote sustainable practices and reduce plastic bag usage. Our joint event will take place at the SparkPoint Center and will focus on encouraging the use of reusable tote bags when picking up food.

As part of the event, SAGE will host a creative tote bag design activity where participants can personalize their bags with unique label patches that we will provide and iron on-site. We will also offer an assortment of custom pins to add a personal touch. To engage attendees further, we will organize an interactive "Guess the Fact" game centered around environmental injustices, with winners receiving eco-friendly beeswax wraps as prizes.

In addition to this event, all designed tote bags, patches, pins, and beeswax wraps will be utilized at the upcoming Club Fair on the same day, September 24th, to continue spreading awareness and encouraging sustainable habits across campus.

Through this collaboration, SAGE aims to foster environmental consciousness and provide practical tools for reducing plastic waste within the CSM community.
