Helping Our Students Reach Their Goals

San Mateo County Community Colleges Foundation

San Mateo County Community Colleges Foundation raises funds to support student scholarships and programs at Cañada College, College of San Mateo, and Skyline College. Our donors come from all across our community – individuals, small and large businesses, civic groups, and community organizations. The joy, success, and promise you see today stem from their belief in our students.

This year's donor-funded scholarships will provide financial support to help these students succeed in college, finish their degrees, start their careers, or transfer to four-year institutions. San Mateo Scholarship for Public Service Studies

The San Mateo Scholarship for Public Service Studies will be awarded by an external scholarship committee. A critical shortage of professional local government managers is predicted for the next two decades. In addition, in a world of high-tech and high finance recruitment for public sector management talent has become increasingly difficult.
