

PLAN, APPLY & TRANSFER: TAG, TSP & Application Virtual Workshops

Were here to help you every step of the way! CSM's Transfer Services is offering a series of transfer application workshops throughout the fall semester, focusing on UC Transfer Admission Guarantee (TAG), CSU Transfer Success Pathways (TSP), and general transfer application support. These workshops are designed to help students better understand their transfer options, take advantage of guaranteed transfer pathways to participating UC and CSU campuses, increase transfer application submissions, and get a head start on planning for their transfer journey. Students will have the opportunity to become familiar with the UC Transfer Planner and CSU Transfer Planner, learn how to navigate transfer requirements and application resources, and gain practical guidance throughout the application process. Our goal is to help students feel more informed, prepared, and confident as they explore their transfer pathways and complete their applications. We encourage students at all stages of the transfer process to attend and take advantage of these workshops and resources.

ALL ZOOM WORKSHOPS RUN 4:00 to 5:00 PM

UC Transfer Admission Guarantee (TAG) Application Workshops **9/16/26 & 9/30/26**
